PROFILE

I am a passionate Full Stack Developer with expertise in building dynamic, scalable, and efficient web applications. My core skills include JavaScript, React, Next.js, Node.js, TypeScript, and Express for crafting robust front-end and back-end solutions. I am well-versed in PHP, Laravel, and database management using MySQL, MongoDB, and PHPMyAdmin. Additionally, I have hands-on experience with jQuery and a diverse range of frameworks, enabling me to deliver innovative and user-friendly digital solutions.

WORK EXPERIENCE

- Maitry WeblabsMARCH-2024 - PRESENT
- Full Stack Developer
- Develop and maintain dynamic, scalable, and responsive web applications using JavaScript, React, Node.js, Laravel, and PHP.
 - Lead the implementation of front-end user interfaces, ensuring smooth user experiences and optimal performance across various devices and browsers.
 - Design and optimize back-end services, APIs, and databases using MySQL and other relational databases to handle large-scale application data.
 - Collaborate with cross-functional teams, including designers and other developers, to implement new features, improve performance, and fix bugs.
 - Integrate third-party APIs and libraries to enhance application functionality.
 - Manage version control and deployment processes using Git and platforms like GitHub

EDUCATION

- Bachelor Of Vocation in ITMARCH-2023 - PRESENT
- Noble University
